Publisher's Award for Original Research

The Publisher's Manuscript Award for Original Research is awarded to the author(s) of a manuscript that makes a significant contribution to WOC nursing. This award is designed to recognize excellence in the field. Manuscripts will be judged for their scholarship, originality, and relevance to WOC nursing. All manuscripts that are published within a volume (calendar year) and meet the eligibility requirements are evaluated for the award, which is presented at the WOCN Annual Conference the following spring. In the event an insufficient number of manuscripts are published within a volume, those published manuscripts will be held for consideration for the award the following year. The award is composed of an honorarium in the amount of $500 and a plaque. The check is issued in the name of the corresponding author, and the plaque includes the names of all authors. The eligibility requirements are as follows:

Research report must be original and not published or submitted for publication elsewhere.

Manuscript must be 2000 words or more.

It is not necessary to be a member of the WOCN or have graduated from a WOCN Educational Program or an ET Nursing Education Program to compete for the award.

The manuscript cannot be authored by any member of the Editorial Board.

All eligible manuscripts are evaluated by the Journal's Editorial Board.

This award is funded by the *Journal of WOCN* and Mosby, Inc.
